

NEW DAWN
FRANCHISING

THE E-2 TREATY INVESTOR FRANCHISE PLATFORM

A genuine U.S. business, built for the E-2 investor.

You Own It. You Direct It. We Run It.

A franchise platform purpose-built for the E-2 Treaty Investor Visa — a real, recurring-revenue business you own and direct, while approved local teams handle daily execution.

The Opportunity

Why New Dawn Franchising

New Dawn Franchising is the first franchise platform built specifically for the E-2 Treaty Investor Visa. For thousands of international investors, the dream of building a life in America has lacked a clear, compliant path. New Dawn is that path — a real, recurring-revenue U.S. business that **you own and direct**, while our approved local teams handle daily execution.

01 Why investors choose New Dawn

- ◆ **Purpose-built for the E-2.** Engineered around USCIS requirements — a substantial, at-risk investment, genuine ownership and active direction, a non-marginal enterprise, and renewal-ready documentation from day one.
- ◆ **Own and direct from anywhere.** Live anywhere in the United States while trained local teams run on-the-ground operations and you set the direction.
- ◆ **Recurring-revenue model.** Built on contracts that renew month after month — not one-time sales.
- ◆ **In-house professional support.** Immigration, finance, real estate, and legal expertise standing behind your business and your petition.
- ◆ **Human-run, AI-supported.** Day-to-day operations are 100% human-staffed. AI powers growth, marketing, analysis, documentation, and your owner-oversight dashboards.

\$225,000

STARTING INVESTMENT

A turnkey, E-2-purpose-built franchise where the investor keeps **ownership, bank-account oversight, and executive control** while trained local teams run operations — the exact structure the E-2 visa requires. To review returns on invested capital, see the detailed financial performance representations in **Item 19** of our Franchise Disclosure Document — available on request.

NEW • THE SNAP-ON MODEL

Choose any business. We snap on the E-2 layer.

Our newest offering is a standardized **“snap-on” compliance and operations layer** that installs onto any qualifying off-the-shelf business. You pick the business and the state you want to live in; New Dawn installs a repeatable operations-and-compliance overlay so it runs to standard — while you own and direct it, hands-off.

- ◇ **You choose the business.** Any qualifying industry, in the market where you want to build your life.
- ◇ **We install the layer.** A local general manager plus New Dawn’s management, oversight, documentation, and reporting — purpose-built for E-2.
- ◇ **Guardrails for approval and renewal.** Structured application and renewal support, documented in coordination with your immigration counsel.
- ◇ **One productized model.** Not a bespoke build per client — a repeatable system that simply snaps on.

The petition itself is prepared and filed by licensed immigration counsel. New Dawn is the operations and compliance layer — not a law firm — and does not provide legal advice or guarantee any visa outcome.

A PATHWAY TO ELIGIBILITY

Not from an E-2 treaty country?

The E-2 visa requires nationality from a country that holds a qualifying treaty with the United States — and several major countries (for example China, India, Brazil, and Vietnam) are not treaty nations. A well-established route exists: Grenada operates a Citizenship-by-Investment program (from approximately US\$235,000, subject to change) and is the only Caribbean program holding an E-2 treaty with the United States. Qualifying investors may obtain Grenadian citizenship and, in time and subject to program and U.S. requirements, become eligible to pursue an E-2 visa.

How we help: We can introduce you to qualified immigration counsel and government-authorized citizenship-by-investment agents. Eligibility, timelines, and costs are set by the relevant authorities and change over time. New Dawn does not provide legal or immigration advice and does not sell or broker citizenship.

03 Three recurring-revenue verticals

Prefer a ready-built business? Choose one of three verticals — each a recurring-revenue model with documented operating systems and proprietary owner dashboards.

Property Management

MONTHLY MANAGEMENT FEES

Long-term residential management — single-family homes leased to long-term tenants. Tenant placement, rent collection, maintenance, and owner reporting, earning monthly fees from a growing book of doors under management.

Telecom

RESIDUAL COMMISSIONS

Business VoIP and cloud phone service delivered to businesses on recurring contracts, earning residual commissions on every active line.

Insurance

RENEWAL COMMISSIONS

Everyday business coverage — general liability and similar commercial lines — placed through licensed agency partners, earning renewal commissions from a growing book of business.

Why it works for the E-2 investor

- ◆ **Ownership & direction.** You hold ownership and bank-account oversight and set strategy; trained teams execute under you.
- ◆ **Substantial, at-risk.** A real operating business, not a passive placement.
- ◆ **Non-marginal.** Built to create jobs and more than minimal income.
- ◆ **Renewal-ready.** Documented to support the initial petition and every renewal.

Proprietary technology

Every model is wrapped in technology purpose-built around E-2 owner oversight — not off-the-shelf software:

- ◆ Owner dashboards for real-time oversight
- ◆ Operational and financial reporting
- ◆ Automated client communication
- ◆ Marketing & lead-generation automation

04 Investor protections

Protections built into the model — because your capital and your immigration future deserve real safeguards, not promises.

CAPITAL PROTECTION

No visa, no funds released.

Your business-purchase capital is held in a third-party escrow account and is released **only** upon approval of your E-2 visa. If your application is not approved, your purchase capital is returned to you under the terms of the escrow agreement — so you are never in a position where your money is gone and your visa is not.

We cannot and do not guarantee the government's decision — that rests solely with U.S. immigration authorities. What is protected is your capital, held safely in escrow until that decision is made. You may use your own escrow holder or one we recommend.

90-Day Contract Replacement Guarantee

Applies to the three verticals — property management, telecom, and insurance. Any of those contracts lost during your first 90 days, for any reason, are replaced at no additional cost, keeping your book of business intact. *Not applicable to the snap-on acquisition model.*

Buy-Back & Financing Options

An in-house buy-back program and financing options are available under defined conditions, and every document, call, and support interaction is offered in your language. Full terms are set out in the Franchise Disclosure Document.

05 How it works

01 Discovery & Fit

We learn your goals, background, timeline, and target state — and confirm this is the right path for you and your family.

03 Build & Install

We stand up the business and install the operations, compliance, and reporting layer alongside your local team.

02 Selection

Choose a vertical — Property Management, Telecom, or Insurance — or the snap-on model on a business you select.

04 Own & Direct

You own and direct; we run daily operations and package the documentation for application and renewal.

Request the FDD and start the conversation.

Tell us your goals and target market, and we'll share the Franchise Disclosure Document and the right path forward for you and your family.

Important disclosures. This brochure is for general informational purposes only. It is not an offer to sell, or the solicitation of an offer to buy, a franchise. A franchise is offered solely by means of a Franchise Disclosure Document (FDD) prepared and delivered in compliance with the U.S. Federal Trade Commission Franchise Rule and applicable state law. Certain states require the registration or filing of an FDD before a franchise may be offered or sold; New Dawn will not offer or sell a franchise in any such state until it has complied with the applicable pre-sale registration and disclosure requirements or qualifies for an exemption. No representation regarding financial performance, revenue, profit, or return is made anywhere outside Item 19 of the FDD. New Dawn Franchising is a franchisor and operations/compliance provider; it is not a law firm and does not provide legal, immigration, tax, accounting, or financial advice, and nothing in this brochure constitutes such advice. References to the E-2 Treaty Investor Visa and to citizenship-by-investment programs (including Grenada) are general information only and do not constitute a recommendation, endorsement, solicitation, or offer. Visa and citizenship eligibility, processing, costs, residency or domicile requirements, and outcomes are determined solely by the relevant government authorities — including U.S. Citizenship and Immigration Services, the U.S. Department of State, and the relevant foreign government — and by their authorized agents, and are subject to change without notice; no visa, citizenship, immigration, or business outcome is promised or guaranteed. Immigration petitions are prepared and filed by licensed immigration counsel; citizenship-by-investment applications are handled by government-authorized agents. New Dawn does not sell, broker, or facilitate the sale of citizenship. Costs and figures stated are approximate, illustrative, and subject to change. Prospective investors should obtain independent advice from qualified legal, immigration, and financial professionals before making any decision. Escrow protection, the 90-day contract replacement guarantee, the buy-back program, and financing are subject to the terms, conditions, and eligibility requirements of the Franchise Agreement, the escrow agreement, and related documents; certain fees (including any escrow establishment fee) are non-refundable. The escrow structure protects purchase capital as described in those documents and does not guarantee approval of any visa. Property management, insurance, and telecommunications services are subject to applicable state and federal licensing; franchisees are responsible for obtaining and maintaining all required licenses and permits. © 2026 NH Franchising LLC, d/b/a New Dawn Franchising.
