FIRST FRANCHISE PLATFORM BUILT FOR THE E-2 INVESTOR

Partner with the franchise platform purpose-built for the E-2 Treaty Investor Visa. You make the introduction — we handle discovery, disclosure, onboarding, operations, and immigration coordination.

12.5%

DIRECT COMMISSION • ON THE GROSS SALE

Refer a client directly and earn **12.5% of the gross sale** — ~ **\$28,125** on a \$225,000 franchise, paid to you when the sale closes.

Build a network and earn overrides. Keep the full 12.5% on the clients you bring yourself — or recruit other brokers: on every sale they close, they earn **10%** and you earn a **2.5% override** on top. That is the same 12.5% per sale, now compounding across your whole network. No cap on brokers or clients.

Why it's easy to refer to us

◆ Client capital is protected

Your client's purchase capital is held in third-party escrow and released only on E-2 approval — and returned to them if the visa is not approved. We protect capital; the government decides the visa.

◆ Exit support

If your client ever wants out, our in-house buy-back program can help facilitate an exit under defined conditions.

◆ Real, built-in guarantees

A 90-day contract replacement guarantee backs the three recurring-revenue verticals — property management, telecom, and insurance.

◆ Done-for-you, any country

We run operations and compliance and coordinate licensed immigration counsel. We can even serve non-treaty nationals through a recognized citizenship-by-investment pathway.
